1. 2020 Conference-

a. Program ideas and discussion –

Cheryl looks for consistent ideas and top issues and crafted a draft conference agenda with ideas and topics. They are now placeholders waiting to be refined. Discussion about AAAVMC Awards, sessions, speakers and content are shaping up. Discussion about which tracks, topics and how many breakouts to have. A lot of time spent on narrowing and combining topics, engagement with speakers and sponsors. Corporate people could share what they are looking for with engagement in Vet Schools now. They are working hard on a spreadsheet of all the topics, speakers and how to plug them into a schedule.
